To Whom It May Concern:

Many requests for letters of recommendation cross my desk throughout the school year. I have many bright students through the years, but Ilene Vuong stands out as an incredible student. I take delight in writing this letter for her.

Ilene was my student all of last year. In that time, I have witnessed her extraordinary attributes that contribute to the overall strength in her character. Ilene is consistent in providing me with high quality work; she is punctual, honest, and polite. When Ilene contributes in class discussions, her comments are always rich with both knowledge and commonsense. It is a true joy to have her in my class.

Although Ilene's grades are high, they are not what set her apart from her peers. Ilene has the mindset of a winner. She completes her assignments without a word of complaint. She never asks for the minimum requirements, and she takes pride in her work. She goes beyond what is asked of her. Because of this active modeling, she is a natural leader by example.

I am certain that Ilene is more than worthy of this educational opportunity. She is a diligent worker and will not take this opportunity for granted. Please accept this recommendation on her behalf. If you have any questions or concerns please feel free to contact me through the school phone number.

Sincerely,

Elijah J. Carlo,  
English Teacher
